

Fast Fit Tapping Saddles

Best Installed Value

SECTION SIX

Features and Benefits

- The spigot guarantees correct placement onto the pipe and security of seal
- The hinge opens past 180° allowing fast and easy installation in any situation.
- The hinge allows the saddle to remain as one piece which prevents loss and contamination of parts in the trench
- The custom seal with spigots guarantees correct seal placement, a visible check of correct installation with a superior seal
- The bolt stays fixed to the body ensuring quick and easy installation and no lost parts
- The pilot hole in the base ensures correct hole placement
- Designed and manufactured with extra bolt holes on the larger sized saddles for peace of mind
- Common Stainless Steel M8 bolt on all sizes means only one tool required
- Packaging has all the information required for ease of purchase i.e. pipe size & type, thread DN, hole saw size etc
- Strong, compact design, manufactured from strong, non-corrosive UV stabilised materials for a long life

SPIGOT: The spigot helps locate and secure the Hansen *Fast Fit* Tapping Saddle onto the pipe, reducing loss of seal if the pipe or saddle move under load.

HINGE: The ability to open past 180° degrees makes it an excellent choice for tight spots. The hinge stays connected for a fast, easy, one piece installation.

BOLTS: Only one bolt required which is fixed to the body ensuring no lost parts and the common Stainless Steel M8 bolt on all sizes means only one tool is required for installation - a major time saver. Larger sizes can have up to three bolts if preferred.

CUSTOM SEAL: The patented Fast-Fit Indicator Multi Seal has small spigots on the internal seal that are visible from the outside which help locate it correctly and removes any second guessing if the seal has been installed or not.

PILOT HOLE: A pilot hole located at the base of each saddle makes installation easy

Hansen Products has been designing and manufacturing Pipe Fittings and Valves for over 60 years and now boasts an extensive and impressive range with a reputation for quality, reliability and ease of use. The winning formula that has been applied to the product range since the 1950's has ensured a loyal customer following through the generations.

With a range of over 700 different products, loyal customers and a successful formula, Hansen Products decided to release a range of *Fast Fit* Tapping Saddles that would revolutionise the way people tee off the main pipeline. The *Fast Fit* Tapping Saddle has a number of features that make it the saddle of choice such as a Custom Seal that is visible from the outside so you know instantly that the seal is in place, a Pilot Hole for easy installation, a Hinge which also stays connected for fast easy one piece installation and opens past 180 degrees for tight spots, a Spigot to help locate and secure it onto the pipe and best of all only one Stainless Steel M8 bolt which is fixed to the body to avoid lost parts with the same size bolt used on the entire range which means only one tool is required. Put all of this together and you have the solution for a fast, no hassle installation.

With over 60 years experience in manufacturing, Hansen Products knows the importance that pipe fittings play in the performance and control of fluid delivery, flow and pressure within a pipe system. This has seen Hansen Products build a reputation for providing high performance, easy to use, innovative, simple products that provide our customers with "Best Installed Value". All Hansen products carry our Limited Lifetime Warranty*
