

Herron & Son are proud to partner with **horizont** to bring our customers the best available electrical fencing solutions on the market today.

The brand name "**horizont**" is widely known throughout the world for its excellence in electric fencing for livestock. It stands for more than 50 years of leading edge technology in research, development, manufacture and product superiority supported by a large number of international patents and trade marks. The activities of the company reflect the ever increasing demands from farmers and livestock owners for more reliable, less labour intensive and more secure livestock fencing.

horizont's extensive range of mains powered fences incorporate many unique features especially designed to cope with a huge range of climate, soil type, fencing and husbandry practices; a solution for all animal management situations.

High quality, technically advanced products to suit the needs of customers whatever your fencing requirements.
